Staff matters
A big Lyndhurst welcome to student teachers Mr Joshua Forrester who is teaching in the 3-6 classroom, and Ms Jazmine Peterson who is in K-2. Some staff changes will occur from next week as we welcome Mrs Wilby back into the school. She will be working in Mrs Colson’s position until late next term while she takes leave.

Cross Country
Last week students participated in the Heritage Schools' District cross country. The students who participated did so with great enthusiasm and many of them were quite tired by the time they finished their 2 and 3 km runs. Congratulations to Luke Spackman who is a reserve in his age race and Payton Kelly who came 4th in her age division and will now go on to represent Heritage Schools at Geurie next Wednesday.

Friday Sport
Friday sport with Mandurama will continue for the next 3 weeks. The students are enjoying the different activities and having the coaches work with them on their AFL, soccer and netball skills.

District Athletics Carnival change of date
Apologies for the confusion with the date for the District Athletics carnival. This carnival will be held on the 7th August, which is Friday of week 4. Information and permission notes for students who are participating will be sent home early next term.
**Team Penning**

We continue to be proud of our students in school and outside of school - with a large number of our students involved in the recent Lyndhurst Team Penning event held on the 30th-31st May 2015. There were a number of new riders, including Jacinta Blackburn and Luke Spackman, who had their first go at the sport and really enjoyed the experience.

Results for other riders as follows:

**On Saturday 30th:**

Youth – 2nd place Trent, Luke and William Spackman

Juniors – 2nd place Natalie & Shailee Milthorpe and Ebony Hewitt; 3rd Place Joe Milthorpe, Payton Kelly and Kirsten Spackman

**On Sunday 31st:**

Juniors – 2nd place Natalie, Joe and Shailee Milthorpe; 3rd Place Natalie & Joe Milthorpe and Kirsten Spackman.

Congratulations to these children on such wonderful results. It is always nice to share our student’s achievements.

**Viva Italy!**

At present in our classrooms we are completing a study on Italy and immersing ourselves in all things Italian including art and language. The students are learning words and phrases in Italian and we are enjoying hearing them explore and use the language. I am sure they are practising on you at home!
